

# BEC2415

## 20A High Current Intelligent Balancing

Lithium Battery Balancer

Supports Internal Resistance Testing

## Product Features

- Supports internal resistance testing
- Charge & discharge balancing
- 20A high current
- 24-channel simultaneous balancing
- High balancing accuracy and fast speed
- Multiple protection functions
- Compact and lightweight, easy to carry

## Product Specifications

Balancing Accuracy	1mV	Input Voltage	AC220V±15% 50Hz
Device Size	490.75x314x341.5(mm)	Maximum Allowable Charge Current	15A
Voltage Sampling Accuracy	±0.10%FS	Operating Temperature	-10°C~40°C
Device Weight	13kg	Storage Temperature	-20°C~50°C
Power Consumption	<100W	Balancing Voltage	2V~4.2V (adjustable)
